

2020 Novel Tall Fescue Renovation Workshop

8:30—4:30 Wednesday, March 18, 2020

Middle Tennessee Research and Education Center
1000 Main Entrance Dr. Spring Hill, TN 37174

Toxic tall fescue reduces livestock weight gains and lowers reproductive performance. This one day workshop will give you the tools and information needed to remove toxic tall fescue and replace it with novel tall fescue varieties. Speakers include local producers, company representatives and extension specialists and researchers from across the country.

Topics include:

- Fescue Toxicosis: Symptoms and Causes
- Economics
- Establishment and First Year Management
- Seed and Endophyte Testing
- Transitioning from Toxic Fescue
- Company Products
- Incentives and Cost Share
- Producer Panel

All 2020 Workshops:

Middleburg, VA	March 10
Mt. Ulla, NC	March 12
Watkinsville, GA	March 16
Spring Hill, TN	March 18
Lexington, KY	March 19
Harrison, AR	March 24
Mt. Vernon, MO	March 25
