April 1, 2019	Weigh Day
May 6, 2019	Final Pregnancy Check
May 13-14, 2019	Heifer pick-up <ul style="list-style-type: none"> <i>Payment is due prior to or when the heifers are picked up.</i> <i>Heifers consigned to sale will remain at the facility until payment is received and then released to be picked up by the purchaser.</i>

Additional information:

- Total cost of the program is payable at the end of the program before picking up the heifers
- Cost is estimated at \$825-\$850 depending on actual feed cost
- The heifers do not need to be weaned prior to delivery
- All heifers must have received at least one round of vaccination for both clostridial (7- or 8-way) and respiratory diseases more than two weeks prior to delivery
- Health Certificates are not required for heifers originating in TN
- A panel of AI sires of different breeds will be available to choose from. Any AI sire can be used provided it meets TAEP heifer bull requirements for that year and the semen can be purchased from a CSS certified bull stud and shipped directly to the Heifer Development center
